Motion passed unanimously.

Old Business:

Burnsworth asked about the BioNutrients and Revive Materials company. Zartman confirmed that BioNutrients is well on the way to opening but Revive Materials may be closer to the end of the year.

Reynolds said he noticed that the speculative house at Legacy Heights looked near completed.

Zartman informed the RDC that the housing development projects for East Market Street and Fulton Street housing projects were submitted jointly for READI funding and were moved forward as one of four priority projects by Northeast Indiana's Regional Development Authority for consideration for funding through the Lilly Foundation's Blight Remediation fund and Redevelopment Tax Credits administered by the Indiana Economic Development Corporation.

Meeting Adjourned: Meeting adjourned at 4:22 pm by Yohe.
