

MEMORANDUM

TO:	Wabash City Council				
FROM:	Tenille Zartman, Grow Wabash County				
SUBJECT:	Updated Tax Abatement Scoresheet				
DATE:	6/23/2025				

Purpose:

To provide information from Grow Wabash County and the Incentive Review Authority (IRA) regarding the updated scoring criteria for tax abatement. These revisions are intended to strengthen eligibility standards while maintaining a business-friendly approach. The changes reflect our strategic priorities for sustainable growth, workforce development, and long-term community investment. The IRA serves as an independent advisory committee to Grow Wabash County, ensuring objectivity and consistency in recommendations to the Wabash County Council. While the Council retains full discretion over tax abatement decisions, it typically values IRA input as a reflection of best practices in business development and retention.

Summary of Key Scoring Criteria Updates:

The revised scoresheet introduces more rigorous minimum standards and scoring thresholds to ensure that tax abatements are reserved for high-quality projects. The highlights include:

Eligibility Threshold Changes:

- Business Personal Property Investment: Projects with under \$2 million in total business personal property are no longer eligible for personal property abatements.
- Minimum Investment Requirement: Combined real and personal property new investment must be at least \$750,000 (up from \$100,000) to qualify.
- Minimum Wage Requirement: Jobs paying less than \$19/hour are not eligible, reflecting the updated livable wage for a single adult in Wabash County (previously \$12/hour).
- Equipment Eligibility: Equipment sourced from Indiana that was previously used by any affiliate company or involved in an arm's-length transaction is not eligible for abatement.
- Minimum Score to Qualify: A project must now score at least 30 points (up from 20 points) on the revised 100-point scale to be eligible for any abatement consideration.

Scoring & Duration Adjustments:

- 10-Year Abatement Restriction: Only projects scoring 60 points or more will qualify for the full 10-year abatement (previously 40 points).
- Revised Point Allocation: This change will result in more qualifying projects falling into the 3-year or 6-year abatement categories, encouraging higher impact proposals.

Additional Improvements:

214 S. Wabash St. Wabash, IN 46992 |Tel (260) 563-5258 |Fax (260) 563-6920 Info@GrowWabashCounty.com |www.GrowWabashCounty.com

- New Points for Local Residency: Points are now awarded for upper management residing in Wabash County, which is strongly correlated with long-term community engagement and business retention.
- Wage Quality Emphasis: No points will be awarded for any jobs that pay less than the county average wage of \$24.16/hour, reinforcing the goal of attracting high-wage employers.
- Revised Investment Tiers: Investment scoring has been updated to reflect today's economic realities, with new ranges from \$750,000 to \$7 million+ (previously \$100,000 to \$1.5 million+).
- Revised points for jobs to be maximum 20 points for new jobs (1 point per job) and lowered points for retained to maximum 10 points (1 point per job).

Next Steps

This will also go before the Wabash County and North Manchester as well.
