

To our friends in Wabash County:

During this challenging time, the many organizations in Wabash County want to demonstrate that we are all united under the goal of weathering this storm, together, and emerging stronger when it passes.

As we face a period of uncertain revenues for many of our small businesses, they may encounter challenges when it comes to paying their rent or their utilities for the month. We ask that landlords and their tenants take the time to talk about their financial situations and come up with a solution that allows for both parties to survive this slow period and slowly begin to thrive once again.

If you need help to get those conversations started, don't hesitate to connect with Grow Wabash County, Wabash Marketplace or the Community Foundation of Wabash County for support.

We want you to know that we are here to connect you with the organizations in our community that are best equipped to answer your most pressing needs.

If you need help taking the next steps, below are your first points of contact:

We are also consistently sharing the up-to-date information we receive from the local, state and federal levels on a collective COVID-19 Resource Page on the Grow Wabash County website. There, you can find access to resources for employees, businesses and families who need a little extra help making ends meet.

Find all of this information and more here: <https://www.growwabashcounty.com/contact-us/covid-19-resources/>

We are in this together, Wabash County. Thank you for everything you are doing to make this difficult time a little bit easier for everyone.
