**To the mayor of the city of
Wabash, Indiana**

Scott A. Long

Dear Mr. Scott A. Long

Korosten City Council is sincerely grateful to you for the offer of cooperation and the establishment of friendly relations between the cities of Korosten and Wabash.

Our community, like yours, has a great and interesting history of development, and we are ready to share ours and get to know yours.

The city of Korosten has experience in developing international partnerships and is ready to widen it for the establishment of new relationships, namely with the city of Wabash.

We are ready to support various initiatives and forms of cooperation between our communities in such areas as economy, industry, investment, culture, sports, environmental protection, and the exchange of youth and representatives of other social groups. For the organization and implementation of joint events, it would be a wonderful idea to develop joint development projects to attract resources from international funds.

We have interesting ideas and proposals in all spheres of our lives which we would like to implement together with you.

Along with this, we express our readiness for cooperation and further development of relations between our two communities.

We look forward to fruitful cooperation and partnership for the development of our cities.

Please find attached some brief information to get to know the Korosten City Territorial Community.

Mayor

Volodymyr MOSKALENKO
